A Message from the Morrow Parks & Recreation Board: National Playground Safety Week - April 21-25
National Playground Safety Week is a time to focus on children's outdoor play environments, and a time to thank all the adults who work tirelessly on maintaining our playgrounds.

Each year over 200,000 children are injured on America's playgrounds. The National Program for Playground Safety (NPPS) was created in October 1995 to help communities across the nation examine the critical issues surrounding playground safety. The NPPS provides the following four contributing S.A.F.E. Factors, as well as a Safety Checklist to properly maintain a safe playground atmosphere.

S.A.F.E. Factors

- Provide proper supervision of children on playgrounds
- Design age-appropriate playgrounds
- Provide proper fall surfacing under and around playgrounds
- Properly maintain playground equipment.

Safety Checklist

Summertime means sunshine, starlit nights, and chasing fireflies. It also means spending more time at the playground. Check out the top ten summer playground safety tips before you head out to be sure your playground adventures are injury free. Or take along the NPPS [Safety Checklist](#) to assess the safety of your playground while onsite. Enjoy the summer season, but remember to stay S.A.F.E.!

1. Adult supervision is present

Adult presence is needed to watch for potential hazards, observe, intercede and facilitate play when necessary.

2. All children play on age-appropriate equipment

Preschoolers (ages 2 – 5) and school-age children (ages 5 – 12) are developmentally different and need different equipment located in separate areas to keep the playground safe and fun for all.

3. Appropriate fall surfacing material is present

Nearly 70 percent of all playground injuries are related to children falling to the ground. Acceptable surfaces include wood fiber or mulch, pea gravel, sand, poured-in-place rubber, rubber mats or rubber tiles. Playground surfaces should not be concrete, asphalt, grass, blacktop, packed dirt or rocks.

4. Equipment is safe

Check to make sure the equipment is anchored safely in the ground, all equipment pieces are in good working order, S-hooks are entirely closed, bolts are not protruding, and there are no exposed footings. Equipment should be free of rust, splinters, and missing parts.

5. No strings or ropes are present

Strings on clothing or ropes used for play can cause accidental strangulation if caught on equipment. Ropes used as part of playground equipment should be secured on both ends.

6. Equipment is not too hot

Check for hot surfaces on playground equipment before allowing children to play on it. If shade structures do not protect the equipment from the sun, the surface can become extremely hot and can even cause burns on the skin.

7. No bicycle helmets are worn on the equipment

Children should not wear bike helmets when playing on playground equipment. They can easily get caught and may cause strangulation.

8. Children wear appropriate clothing

NPPS strongly encourages children to wear closed shoes and appropriate clothing.

9. Children are protected from the sun

Encourage the use of UVA and UVB protective clothing and sunglasses, suggest playing in shaded areas, and, of course, always use sunscreen.

10. Children are protected from extreme temperatures

A heat index at or above 90°F may pose a health risk to children. Be watchful of the temperature while outdoors and keep children well hydrated.

Second Annual Morrow Police Department National Night Out Against Crime – August 5

On Tuesday, August 5, 2014, from 5:00 pm – 7:00 pm, the Morrow Police Department will hold their Second Annual National Night Out Against Crime event. Over 60 people attended last year’s inaugural event and enjoyed free hot dogs, soda and water, talked with officers and Village staff, inspected police vehicles, learned about the Morrow Neighborhood Watch Program, and were provided with free literature on a variety of topics. Please plan to join us for an even bigger event. The National Association of Town Watch began the National Night Out program in 1984 as an effort to promote involvement in crime prevention activities, police-community partnerships, neighborhood camaraderie, and send a message to criminals letting them know that neighborhoods are organized and fighting back. National Night Out now involves over 37.8 million people and 16,124 communities from all fifty states, U.S. Territories, Canadian cities, and military bases worldwide. NATW’s Executive Director, Matt Peskin said, “It’s a wonderful opportunity for communities nationwide to promote police-community partnerships, crime prevention, and neighborhood camaraderie. While the one night is certainly not an answer to crime, drugs and violence, National Night Out represents the kind of spirit, energy and determination to help make neighborhoods a safer place year round. The night celebrates safety and crime prevention successes and works to expand and strengthen programs for the next 364 days.”

Help the Salem-Morrow Fire Department Protect Your Dreams

The quicker the Salem-Morrow Fire Department's firefighters or EMT's can locate you, the quicker we can begin helping you and your family. In an effort to locate your home or business in an emergency, the Salem-Morrow Fire Department is providing a 6" x 18" reflective sign that will clearly display your street address. These signs are invaluable to firefighters, EMT's, and police officers, who may be looking for your home in your time of need. Similar signs have been installed in other communities with startling results. The Salem-Morrow Fire Department is selling these signs at the low cost of \$12.00 each.

If you wish to have the SMFD mount your sign for you, they will do so for \$14.00. Each sign has your street address prominently displayed on both sides in highly reflective 3" numbers against a green background similar to those on an interstate sign. The signs are installed in such a way that assures their visibility, even in high grass and snowy weather conditions.

If you would like to purchase one of these signs, simply stop by the Salem-Morrow Fire Department, 5270 East U. S. Route 22 & State Route 3, Morrow, Ohio 45152, to complete an order form. In approximately 7 days, your sign will be ready for pickup or installation. Generally, the signs can be made, while you wait, in less than 10 minutes. Isn't \$12.00 worth the peace of mind of knowing that help can find you in your time of need?

Knox Box – Helping Your Local Fire Fighters & Emergency Medical Personnel Help You

The KNOX-BOX® Rapid Entry System was specifically developed for the fire department. With one master key, you can gain access to commercial and residential property. More than 7,000 departments nationwide use Knox key boxes, vaults, Haz-Mat cabinets, key switches, locking FDC caps, padlocks and the Knox-Scan heat sensor. Many of these departments use Sentralok(tm), the master key security system, to control the Knox Master Key®. Property owners in your community store entrance keys, access cards and floor plans in high-security Knox-Boxes mounted near their building entrances.

Salem-Morrow Fire Department Residential Knox Box Program

The Salem / Morrow Fire Department has started a Residential Knox Box Program to help us help you.

What is Knox Box? It's a heavy duty box that we hang on your door that has your home key in it. We have a Master key that we use to open the box in an emergency situation so we can make access to your home and let use help you.

The reason we started the program is to help us make entry to our citizens without causing damage to their property. We receive calls to residents homes and when we get there we are unable to make access do to the house is locked up tight. We end up breaking into the house to help with their emergency and then they have an extra expense fixing what we had to break. Residents stop by and offer us keys so we do not have to break in. That would be a lot of keys for us to have and maintain. This would cause more of a hindrance then help.

This program is for residents that have chronic medical problems, elderly folks that live alone, persons with disabilities that would make it hard for them to let us in, and that live in our protection area. If you are not sure if you qualify, contact Chief LaFollette or Assistant Chief Harrison. This is a free service provided to our residents for as long as they need it.

This program was started by donations to the fire department. We have purchased 6 Knox Boxes and Key Secure Systems. The Key Secure Systems secures the key to the vehicle and tracks who uses it. This gives us an accountability system on the use of the key. Supplies are limited.

The Salem/Morrow Fire Department requests that an application form be filled out. When approved, we will come out to install the Knox Box. Application forms may be picked up at the Salem/Morrow Fire Department. For more information about the Salem/Morrow Fire Department Residential Knox Box Program, please call 513.899.2222 or visit <http://www.station71.com/>.

Hamilton Township Fire & Rescue Knox Box Program

Hamilton Township Fire & Rescue requires the use of the KNOX BOX in all new businesses. Presently many businesses in the Township are making use of this Emergency Entry System. This one time purchase may save the business or home owner much more and allow the Firefighters instant access to the property.

Ten Reasons to Install a KNOX-BOX:

1. Eliminate needless, costly forced entry damage that may not be covered by your insurance deductible.
2. Assure immediate building entry by Firefighters without delay or waiting for building keys.
3. Protect inventory, equipment and supplies from unnecessary water damage caused by delayed sprinkler shut-off.
4. Satisfy local fire codes and emergency access ordinances.
5. Save time and aggravation by not having to drive to your building at 2:00 am for a false alarm.
6. Feel secure about emergency coverage when your building is left unattended. The Fire Department holds the ONLY key to the KNOX-BOX.
7. Maintain building security after a fire alarm investigation by simply re-locking the undamaged door.
8. Protect your property from thousands of dollars in damage with this one-time, low-cost investment.
9. Depend on the highest lock box security available with attack resistant, UL tested reliability.
10. Over the last 25 years, KNOX-BOX has been the chosen solution in 6,000 communities nationwide - communities like Hamilton Township.

KNOX-BOX Questions and Answers:

What is a Knox Box system?

It's a high-security box system, designed to give firefighters and emergency services immediate access to locked buildings, elevators, and other secured areas.

Why install a Knox Box?

Installation of a Knox Box on your property will not only allow firefighters faster access in case of an emergency, but will also prevent expensive forcible entry should emergency services be required while the premises are unoccupied. Costly front doors and entry ways needn't be harmed if entry keys are available on-site!

How does the Knox Box system work?

Following your purchase of a Knox Box from the factory, you will mount it securely on the exterior of your building; attractive recessed-mount models are available. All necessary access keys will be locked inside by a representative of the fire department; only the fire department's master key can open the box. The Knox Box gives the fire department a simple alternative to expensive, time-consuming forcible entry. The generous interior capacity allows you to store everything emergency personnel may require – keys, floor plans, electronic entry cards, and more – in complete security until needed.

How secure is a Knox Box system?

Security has always been a Knox strong point. Designed for maximum protection, each virtually indestructible box features a special high-security Medeco lock and key. This Medeco restricted locking system guards

against unauthorized key duplication. Keys aren't even available to locksmiths or lock distributors--only The Knox Company can supply these keys!

The Knox Box system offers maximum security at every step. Each city has an exclusive key code. All Knox Box stations in that city are keyed alike--and only the fire department has master keys.

Who can authorize a Knox Box system?

Strict security control is maintained by allowing only fire departments to authorize the purchase of each Knox Box. This is achieved by using a special authorization form which you can obtain only from your fire department; the form must be signed by a fire department official whose signature is on file at the factory. After verifying the signature, the Knox box is shipped directly to you. Each Knox Box is shipped without keys, locked in an open position and ready for mounting.

How is a Knox Box installed?

Each Knox Box is shipped with complete mounting instructions; however, your fire department will assist you in choosing a proper location for mounting. After installation is completed, the fire department will conduct an inspection of the installation and lock building keys inside the box. As soon as building keys are locked inside the box, it is ready to provide immediate access to emergency personnel-- 24 hours a day, 365 days a year!

For further information on a Knox Box please contact Hamilton Township Fire & Rescue at 513.683.1622 or visit http://hamilton-township.org/wp-content/uploads/fire_info_KNOXBox.pdf. For more product specific information log onto www.knoxbox.com.

Dough Boy's Donuts & Diner to Open Second Location

Dough Boy's, a local donut and breakfast shop, will be opening a second location in the Shoppes at Grandin shopping center in Hamilton Township, across from the River's Bend Kroger store. The new store will feature fresh hand-made donuts and premium coffees. In addition to donuts their new location will have expanded hours to include full breakfast, lunch, and dinner menus. This new Dough Boy's store will be a nice compliment to the mix of retail and food service businesses in the area. The new location will be opening in April with a grand opening set for May 8th with a ribbon cutting ceremony, hourly specials, and live entertainment.

Owner Frank Jones, along with his wife Karyn, is very enthusiastic about this new venture. "We are so excited to be opening a second store along one of the busiest highways in Warren County," says Frank, a life-long member of the Morrow area. "We think this location is a game changer for our business." Jones says it has been a dream of his to own a restaurant and that this second location has been over three years in the making. His wife Karyn will be managing most of the day to day operations at the new Hamilton Township store.

Jones started making donuts in 2010 when he purchased an existing bakery located in Roachester, an area just east of Morrow. "We take pride in making our pastries by hand with lots of love and care," says Jones. One of their most popular items is a deep fried croissant that is covered in glaze then filled with cream cheese, custard, chocolate cream, apple, or raspberry jelly. They are also known for their giant apple fritters which, according to Frank, are only made on Saturdays.

Breakfast will be served all day with all of the classic diner fare. The lunch menu will consist of one third pound burgers, Paninis, salads, and wraps along with home-made soups and salads. The new dinner menu will feature cuisine with a Cajun flare such as blackened salmon and pork chops, jambalaya, sirloin steak, and gumbo. Dough Boy's will also prepare many of the usual "diner" classics such as country-fried steaks, chicken tenders, and beer-battered cod, just to name a few.

Dough Boy's Donuts and Diner will be open Monday through Thursday from 6 am to 9 pm, Friday and Saturday from 6 am to 11 pm, and Sunday from 7 am to 8pm. Dough Boy's can be reached by phone at (513) 480-0021, email at doughboysdonutsanddiner@gmail.com, online at www.doughboysdonutsanddiner.com, or by liking them on Facebook.

Enjoy a Healthy Lunch at the Earl J. Maag Center

Are you tired of always eating alone? Is cooking becoming too much work? Are you looking for somewhere else to eat? Would you like to meet new friends and enjoy stimulating conversation? Are you finding it hard to make ends meet? If you answered "Yes" to any of these questions, then you may not be living as healthy as you can. Recent studies have shown that seniors who are live alone are at high risk for malnourishment and for dehydration. "Five days a week, fresh, nutritious meals are cooked in the WCCS 741 Center kitchen.

Lunch is a special time of day and we try to make it even more so. Sometimes the WCCS lunch is that person's only full meal of the day. You can find a healthy, delicious meal at the Earl J. Maag Center, 124 Pamela Drive, Morrow, Ohio 45152," says Mary Catherine Faller, MS, RD, LD, Manager of WCCS' Nutrition Services.

Lunch with two menu options is served at 12:00 pm (noon) every Monday-Friday. Find the daily menus online at www.wccsi.org. Suggested meal donation for anyone aged 60 or over (or the spouse or disabled child of someone aged 60 or over) is \$3.00. Meal cost for anyone under age 60 is \$6.00. To make a reservation, simply call the Earl J. Maag Center at 513.889.8886 by 1:00 pm the day before. WCCS is a local non-profit 501(c)(3) organization. Donations help fund the "Promote Healthy Living Among Older Adults" campaign. For more information about WCCS and its services, please visit the website at www.wccsi.org.

United Way of Warren County Children's Book Drive is Under Way – Ends April 30

United Way of Warren County is kicking off their 2014 Children's Book Drive. The organization will be collecting new and gently used children's books – ages 10 and under - **through April 30, 2014**. The books will be distributed to at-risk children to help bridge the summer reading gap. Aaron Reid, Executive Director, said, "Children without books in the home can lose reading skills over the summer and have the potential of being two or more years behind their more affluent peers by the end of 6th grade. For children, summer is supposed to be fun and carefree, but that does not mean that learning needs to stop. Summer is a great time for children to read books while having fun." Individuals, businesses, and other organization that would like to participate in the drive may contact Jerri Langworthy at 513-932-3987, Ext. 102, or email her at jangworthy@wcuwl.org.

Volunteers Needed for 2014 United Way of Warren County Campaign

United Way of Warren County is looking for community volunteers to serve as campaign account managers to help maintain and grow our relationship with Warren County companies who participate in the annual fall campaign. The organization is hoping to recruit 50 people to help with the campaign. Volunteers give about 8 – 10 hours of their time during a four month period. Typically, each volunteer handles two to three accounts. All volunteers receive full training and are provided all the resources and support necessary for success. The account managers lend expertise and energy to assist United Way with local businesses and organizations as they launch a 2014 workplace campaign. In addition, the account manager maintains correspondence with a designated contact to make sure the campaign has all necessary materials for an effective campaign. In the past year, over 100,000 Warren County residents were helped through 53 local programs focused on advancing education, income stability, and health. Campaign account managers are a key to helping make the 2014 campaign a success. There are two training sessions scheduled from 9:00am to 10:15am on May 29 or June 4, 2014. Account managers only need to attend one. For more information, please contact Diana Campbell, Campaign Director at dcampbell@wcuwl.org or (513) 932-3987 ext. 107.

United Way of Warren County is a local independent nonprofit serving all of Warren County. The organization's mission is to improve lives by connecting people, organizations and resources to meet the needs of the community. United Way of Warren County currently supports 53 different non-profit programs advancing education, income and health. For more information, visit www.warrencountyunitedway.org
