## **Help the Salem-Morrow Fire Department Protect Your Dreams**

The quicker the Salem-Morrow Fire Department's firefighters or EMT's can locate you, the quicker we can begin helping you and your family. In an effort to locate your home or business in an emergency, the Salem-Morrow Fire Department is providing a 6" x 18" reflective sign that will clearly display your street address. These signs are invaluable to firefighters, EMT's, and police officers, who may be looking for your home in your time of need. Similar signs have been installed in other communities with startling results. The Salem-Morrow Fire Department is selling these signs at the low cost of \$12.00 each. If you wish to have the SMFD mount your sign for you, they will do so for \$14.00. Each sign has your street address prominently displayed on both sides in highly reflective 3" numbers against a green background similar to those on an interstate sign. The signs are installed in such a way that assures their visibility, even in high grass and snowy weather conditions. If you would like to purchase one of these signs, simply stop by the Salem-Morrow Fire Department, 5270 East U. S. Route 22 & State Route 3, Morrow, Ohio 45152, to complete an order form. In approximately 7 days, your sign will be ready for pickup or installation. Generally, the signs can be made, while you wait, in less than 10 minutes. Isn't \$12.00 worth the peace of mind of knowing that help can find you in your time of need?

## **KNOX-BOX® Rapid Entry System**

The KNOX-BOX® Rapid Entry System was specifically developed for the fire department. With one master key, you can gain access to commercial and residential property. More than 7,000 departments nationwide use Knox key boxes, vaults, Haz-Mat cabinets, key switches, locking FDC caps, padlocks and the Knox-Scan heat sensor.

Many of these departments use Sentralok(tm), the master key security system, to control the Knox Master Key®. Property owners in your community store entrance keys, access cards and floor plans in high-security Knox-Boxes mounted near their building entrances.

## **Commercial Properties**

Each KNOX-BOX® purchased by the property owner is keyed to a single master key controlled by your department. With the Knox System, there is no cost to the fire department, no waiting for a property owner to unlock the door in the middle of the night, and no forcing the door open to gain entry. The Knox Rapid Entry System reduces response time, property damage and the liability for lost keys. The Salem-Morrow Fire Department is currently using the Knox System on several properties in the area.

## **Residential KNOX-BOX® Program**

The Salem / Morrow Fire Department has started a Residential Knox Box Program to help us help you. What is Knox Box? It's a heavy duty box that we hang on your door that has your home key in it. We have a Master key that we use to open the box in an emergency situation so we can make access to your home and let use help you.

The reason we started the program is to help us make entry to our citizens without causing damage to their property. We receive calls to residents homes and when we get there we are unable to make access do to the house is locked up tight. We end up breaking into the house to help with their emergency and then they have an extra expense fixing what we had to break. Residents stop by and offer us keys so we do not have to break in. That would be a lot of keys for us to have and maintain. This would cause more of a hindrance then help. This program is for residents that have chronic medical problems, elderly folks that live alone, persons with disabilities that would make it hard for them to let us in, and that live in our protection area. If you are not sure if you qualify, contact Chief LaFollette or Assistant Chief Harrison. This is a free service provided to our residents for as long as they need it.

This program was started by donations to the fire department. We have purchased 6 Knox Boxes and Key Secure Systems. The Key Secure Systems secures the key to the vehicle and tracks who uses it. This gives us an accountability system on the use of the key. Supplies are limited.

*"Farmers till the End: Four Centuries of Fort Ancient Life at the Hahn Site near Cincinnati"*

**Saturday, March 7<sup>th</sup>, 10:30AM-12:00PM**

Mr. Robert Genheimer

George Rieveschl Curator of Archaeology

Cincinnati Museum Center - Cincinnati, Ohio

Sometime in the 13<sup>th</sup> Century AD, Fort Ancient peoples constructed a large circular village on a high terrace in the lower reaches of the Little Miami River valley. Field investigations at the Hahn Site reveal that a ring or rings of houses surrounded an open communal plaza. These village dwellers grew maize and beans, hunted deer, elk, turkey, and other animals, gathered wild plants, and exploited a variety of river resources including fish and mussels. Archaeological excavations at the site have been aided by a robust remote sensing program that has delineated hundreds of probable pit features and burials. The combination of remote sensing and excavations reveal that through time, the site expanded across the 10-12 acre terrace, and was finally abandoned sometime during the 17<sup>th</sup> Century AD. Join us in examining seven years' worth of excavations at the site.

It can be both physically and emotionally demanding! Meet others who share your experience to discuss topics like maintaining balance as a caregiver, solving caregiving problems, the guilt/stress of caregiving, and learning to care for yourself. There is a group at Morrow United Methodist that normally meets every month on the **2nd Monday of each month** from 4:00 - 5:30 pm in the Church Library. This group is free and open to the public and is here for you! We are also in need of facilitators for several new groups forming in the Greater Cincinnati Area. ## Little Miami Local School District News

### **Facebook Pages Consolidating & Sports Accounts Beginning March 2**

On Monday, March 2, Little Miami will be “downsizing” its multiple Facebook pages, eliminating individual building pages and consolidating all district content on the main [Little Miami Local Schools](#) Facebook page. We are doing this to avoid redundancies; in the past, we have often posted the same info on multiple pages. Beginning March 2, school news and photos from all Little Miami buildings will be posted solely on the main district Facebook page. The elementary school PTO/parent pages for [Butlerville](#), [Maineville](#) and [Salem Township](#) will remain; follow those links to “like” those pages. Also, the district has created a new [Little Miami Sports](#) page on Facebook for athletic news. Please “like” that page for updates on high school and junior high sports. Of note: The district will also convert its high school Twitter account to a district sports account. On March 2, the [@Panther Tales](#) address will simply change names from “Little Miami High” to “Little Miami Sports.” School news from the high school and other district buildings will be consolidated on the district account, [@LM\\_Schools](#). We believe these changes will more easily centralize Little Miami school news on the district’s main Facebook and Twitter accounts while localizing sports updates on their own accounts. We’ll send out another reminder March 2 of this change. In the meantime, here are some additional social media links that may interest you:

### **Call to Arms for All Boosters**

Little Miami School District is one of the fastest-growing areas in southwest Ohio. Our community is primarily rural, covering 98 square miles of mostly farmland. The economic upswing in recent years has brought new development into our area, and we now have our largest enrollment ever.

The education our school district provides continues to be rated excellent by the state of Ohio. We are proud of this accomplishment and feel this helps make our community attractive for potential homebuyers.

The LMABC currently supports over 850 athletes in grades 7-12. Our plan is simple: to bring our sporting teams up to the level of our education. It is with this spirit that we come to you seeking aid for our student-athletes.

One of the problems our athletes face is an inadequate training facility. Our current weight room is 900 square feet and can't house more than 15 kids at a time. The school board has given the Boosters the opportunity to transform the former Industrial Arts room (3,600 square feet) into a training facility, but the Boosters must pay 100% of the costs. With several initiatives going forward, this state-of-the-art training facility is by far our largest, with an estimated cost of \$175,000. We are now beginning a fund drive to accomplish this goal.

There is opportunity in the corporate world for us to raise money. There are a few organizations who might match funds with us for the advancement of sports. The Cincinnati Bengals, for example, recently announced a matching grant for \$150,000 to Harrison High School for the installation of a new turf field. The Bengals have done this for numerous schools, but seemingly always for the installation of a turf field, and always in a matching-grant scenario. We have feelers out with them as well as many other corporations in the Cincinnati area. We are trying to reach out to any businesses that can help us advance our athletic facilities.

These opportunities are exciting and yet unsure. The bottom line is that we have to have a plan in place to assure that this training center comes to fruition. That is where we must begin: with you! We need our alumni base, parents of student-athletes, parents of non-student athletes, parents of past student-athletes, local businesses, and companies you work for or with. In other words, we need to pull from every aspect of our lives.

The average citizen, who does not have a student-athlete or care much for sports, may ask how athletics would affect his/her life. A National Center for Education Statistics study shows that children who participate in extracurricular activities will have a higher GPA, have a higher percentage of post-secondary education, have a healthier lifestyle (by percentage of non-smokers and non-binge drinkers), earn a higher average income, and tend to stay in (or return to) the school district they grew up in. This makes our school district more desirable to live in, and thus raises our property values and provides us with a greater customer base for our local businesses. We truly are all in this together.

It would be easy to say that if everyone in the school district would donate \$100 then we would probably exceed our goals. Honestly, the reach is not far from that. If our local businesses could partner with us in exchange for advertising, we would encourage everyone to give those businesses a better consideration.

If the loss of one outstanding young man this year taught us anything, it's that we are truly a community that cares. It is with that sense of closeness that I ask you kindly to support the initiative before us. Let us build something we all can be proud of.

The Green & Gold Committee is the point of contact for this fund drive. You may call 513.476.8610 or email us at [lmgreenandgold@gmail.com](mailto:lmgreenandgold@gmail.com). A member of our team will contact you.

### **Little Miami Youth Baseball News**

#### **Little Miami Youth Baseball and Knothole Looking for Umpires for the 2015 Season**

Of all the things that Little Miami Youth Baseball and Knothole provide, one of the best is the opportunity for the youth (12 and older) and families to be involved with baseball at a whole new level ... umpiring! Umpiring isn't an easy job, after all, everyone in the stands has their own view of the play, everyone sees something just a little differently and of course, EVERYONE knows the rules better than the officials. With that said, however, umpiring is one of the best ways to learn the game better and it really is a lot of fun ... and you will ACTUALLY learn the rules of the game. For our youth, it is often their first job and as such, it should be taken with that level of responsibility. For adults, it's often a chance to stay involved with a sport that you love and to participate in a whole new way.

It really is a job and as such, we pay those who provide those services. Umpires make anywhere from \$20 - \$50 per game depending on the ages that they umpire and duties they are performing. Additionally, as with most jobs, it requires dedication and effort.

So what's required? Well it really isn't that difficult to get involved. First step is to go online to <http://www.LMYBaseball.com> and click on "Register Now" near the upper right hand corner of the screen. From there select the umpiring program that is right for you (Adult or Youth) and register. There is a \$10 fee that helps offset the costs for training materials and an umpire shirt. Training will start on the 28th of February and run for approximately 6 weeks. We are still nailing down the location, but we will email all who are registered to make sure that you know where it will be.

Darryl Cordrey is coordinating our Umpire Program this year and can be reached by email at [darryl.cordrey@LMYBaseball.com](mailto:darryl.cordrey@LMYBaseball.com).

Also, even if you were an umpire last year, please register for this season. We will be scheduling umpires using our online system, so having your data in our system will be a great help.

Let us know if you have any questions, but the one that I will take a minute to answer right now is the one that we get the most, "Can Women and Girls Umpire too?" Absolutely, everyone is welcome as long as you will be 12 years of age by May 1, 2015.

### **Little Miami Youth Baseball Announces 2015 Baseball Signups**

You've been missed! We wanted to make sure to let you know that baseball signups are in their final 2 weeks and we couldn't help but notice that you hadn't signed up! We know there is a lot going on, but we also don't want you to miss out on what promises to be a very exciting year for Little Miami Youth Baseball. We will be opening the 4 brand new fields that we just built at Testerman Park. We are planning a huge "Grand Opening Celebration" for the kids which should be a great time. We will be headed to a Reds game on June 9th which is always fun. We plan to build upon the success that we had last year and are exploring another land lease that will allow us to build another 4 fields! We're growing, but we can't grow without you! You can register online between at <http://lmybaseball.com/Registration/Default.asp?n=96215&org=lmybaseball.com>. You'll see our "yard signs" around the schools for the next 2 weeks as a reminder, but don't delay signup today and secure your spot on the team! For more information, please contact Ken Floss, Little Miami Youth Baseball President, at [ken.floss@LMYBaseball.com](mailto:ken.floss@LMYBaseball.com).

#### **Trailside Historical Marker Approved**

By Janet Slater

Hamilton Township's first historical marker, explaining the contribution of the Butterworth family to the Little Miami Railroad, the Underground Railroad, and Maineville Academy, will be placed along our trail at Butterworth Station, 2.6 miles north of Loveland. It will mark the location of the stone depot, no longer standing but pictured above.

The boy in the old photo is Thomas Foster, a Butterworth descendent. Although Thomas is deceased, his wife Avery lives in Mason and supplied the photo. The depot is round because it doubled as a water tower for the railroad, using water from nearby springs, as well as a place to await the train.

The engraved sign with a picture and the state-required dedication ceremony require about \$3,000 in funding, and the local group who worked for the historical marker needs your help. The caretaker of Butterworth Farm, located just east of the approved marker, is offering a special tour of the stone house where slaves were hidden in the 1830s and 40s to all who contribute \$100 or more toward the project.

To contribute, please send a check made out to the Warren County Foundation, designated for Butterworth Station, to: Warren County Foundation, 118 Main St., Lebanon, OH 45036. A public dedication ceremony for the marker is planned for **June 6, 2015**.

### **United Way of Warren County Hosts Warren County School Readiness Summit**

United Way of Warren County hosted the first ever Warren County School Readiness Summit on Friday, January 23, 2015. This event was co-sponsored by 4C...for Children and was held at the Golf Center at Kings Island in Mason.

In 2014, United Way of Warren County made a strategic organizational decision to get involved in Kindergarten Readiness. Throughout the year, numerous meetings were held with educators and key organizations to identify the best way to get involved. As expected, it was clear that Warren County has excellent school districts and private preschools and that quality early childhood education leads to school and life success.

The meetings also revealed a need for county-wide coordination and communication between school districts, private preschools and parents because too many children aren't starting school ready to learn. The first goals of United Way of Warren County's Kindergarten Readiness initiative are to build collaborative partnerships and build awareness.

Aaron Reid, President & CEO, United Way of Warren County said, "The School Readiness Summit is the first step in building awareness. We are excited to partner with our school districts to address some challenges we face with Kindergarten Readiness in Warren County."

The keynote speaker for the Summit was Senator Peggy Lehner, chair of the Ohio Senate Education Committee. Eight of the ten county school superintendents were also in attendance with over 150 people representing a diverse group of educators, political leadership, nonprofit organizations, community leaders and the business community.

United Way of Warren County is a local, independent nonprofit serving all of Warren County. The organization's mission is to improve lives by connecting people, organizations and resources to meet the needs of the community. United Way of Warren County currently supports 53 different non-profit programs advancing education, income and health. For more information, visit [www.warrencountyunitedway.org](http://www.warrencountyunitedway.org).

## **Enjoy a Healthy Lunch at the Earl J. Maag Center**

Are you tired of always eating alone? Is cooking becoming too much work? Are you looking for somewhere else to eat? Would you like to meet new friends and enjoy stimulating conversation? Are you finding it hard to make ends meet? If you answered "Yes" to any of these questions, then you may not be living as healthy as you can. Recent studies have shown that seniors who live alone are at high risk for malnourishment and for dehydration. "Five days a week, fresh, nutritious meals are cooked in the WCCS 741 Center kitchen. Lunch is a special time of day and we try to make it even more so. Sometimes the WCCS lunch is that person's only full meal of the day. You can find a healthy, delicious meal at the Earl J. Maag Center, 124 Pamela Drive, Morrow, Ohio 45152," says Mary Catherine Faller, MS, RD, LD, Manager of WCCS' Nutrition Services. Lunch with two menu options is served at 12:00 pm (noon) every Monday-Friday. Find the daily menus online at [www.wccsi.org](http://www.wccsi.org). Suggested meal donation for anyone aged 60 or over (or the spouse or disabled child of someone aged 60 or over) is \$3.00. Meal cost for anyone under age 60 is \$6.00. To make a reservation, simply call the Earl J. Maag Center at 513.889.8886 by 1:00 pm the day before. WCCS is a local non-profit 501(c)(3) organization. ## **Incumbent Training for Advanced Manufacturing Now Available**

In response to workforce needs being expressed by the private sector, our office created WIIN; a program that bundles like-minded training needs within Warren County businesses. Once bundled, WIIN interfaces with area educational partners to secure the best curriculum and rate to meet training needs.

WIIN's first training offering involves businesses in the manufacturing space, and classes are currently underway. Enrollment is on-going and once the appropriate number of employees are gathered, training modules can begin.

### Flexible Training

The training program will cover 16 needed skills that have been expressed by the private sector. These skills cover a broad range of electric and mechanical needs from programming to blueprint reading.

To allow maximum flexibility, each skill is taught in a separate module, and can be taken individually or in combination with other training. For specific details of each module, and to participate, please [e-mail](#) Matt Schnipke.

### Partnering Organizations

This effort would not be possible without collaboration from multiple sources including the Warren County Small Business Development Alliance, the Warren County Chamber Alliance, and the Warren County Port Authority. With the help of these participating organizations, WIIN hopes to deliver a quality training opportunity at a reduced cost to employers.

## **ODT Fights Tax Fraud, Slows Ohio Returns**

An update from the Ohio Society of CPAs...

The Ohio Department of Taxation (ODT) is fighting tax fraud at the expense of timely returns.

New screening measures mean electronic returns requesting a refund may take up to 15 days to be direct deposited this year. Paper returns could take up to 30 days for a physical check to be mailed out.

The new safeguards include a new filter that will analyze the demographic information reported on a return. This analysis will then assign a “probability of fraud” factor that will determine how the return is then further processed by ODT.

If a return is pulled for review, the taxpayer will need to pass an Identification Confirmation Quiz before ODT will process the return. Taxpayers without Internet access can call ODT at (855) 855-7579.

These steps are being taken to further bolster defenses in anticipation of the continuing increase in attempted tax fraud involving identity theft.

Last year, ODT intercepted an unprecedented number of fraudulent income tax returns representing more than \$250 million in potential theft. In previous years, attempted tax fraud averaged about \$10 million.
