Help the Salem-Morrow Fire Department Protect Your Dreams

The quicker the Salem-Morrow Fire Department's firefighters or EMT's can locate you, the quicker we can begin helping you and your family. In an effort to locate your home or business in an emergency, the Salem-Morrow Fire Department is providing a 6" x 18" reflective sign that will clearly display your street address. These signs are invaluable to firefighters, EMT's, and police officers, who may be looking for your home in your time of need. Similar signs have been installed in other communities with startling results. The Salem-Morrow Fire Department is selling these signs at the low cost of \$12.00 each. If you wish to have the SMFD mount your sign for you, they will do so for \$14.00. Each sign has your street address prominently displayed on both sides in highly reflective 3" numbers against a green background similar to those on an interstate sign. The signs are installed in such a way that assures their visibility, even in high grass and snowy weather conditions. If you would like to purchase one of these signs, simply stop by the Salem-Morrow Fire Department, 5270 East U. S. Route 22 & State Route 3, Morrow, Ohio 45152, to complete an order form. In approximately 7 days, your sign will be ready for pickup or installation. Generally, the signs can be made, while you wait, in less than 10 minutes. Isn't \$12.00 worth the peace of mind of knowing that help can find you in your time of need?

KNOX-BOX® Rapid Entry System

The KNOX-BOX® Rapid Entry System was specifically developed for the fire department. With one master key, you can gain access to commercial and residential property. More than 7,000 departments nationwide use Knox key boxes, vaults, Haz-Mat cabinets, key switches, locking FDC caps, padlocks and the Knox-Scan heat sensor.

Many of these departments use Sentralok(tm), the master key security system, to control the Knox Master Key®. Property owners in your community store entrance keys, access cards and floor plans in high-security Knox-Boxes mounted near their building entrances.

Commercial Properties

Each KNOX-BOX® purchased by the property owner is keyed to a single master key controlled by your department. With the Knox System, there is no cost to the fire department, no waiting for a property owner to unlock the door in the middle of the night, and no forcing the door open to gain entry. The Knox Rapid Entry System reduces response time, property damage and the liability for lost keys. The Salem-Morrow Fire Department is currently using the Knox System on several properties in the area.

Residential KNOX-BOX® Program

The Salem / Morrow Fire Department has started a Residential Knox Box Program to help us help you. What is Knox Box? It's a heavy duty box that we hang on your door that has your home key in it. We have a Master key that we use to open the box in an emergency situation so we can make access to your home and let us help you.

The reason we started the program is to help us make entry to our citizens without causing damage to their property. We receive calls to residents homes and when we get there we are unable to make access do to the house is locked up tight. We end up breaking into the house to help with their emergency and then they have an extra expense fixing what we had to break. Residents stop by and offer us keys so we do not have to break in. That would be a lot of keys for us to have and maintain. This would cause more of a hindrance then help. This program is for residents that have chronic medical problems, elderly folks that live alone, persons with disabilities that would make it hard for them to let us in, and that live in our protection area. If you are not sure if you qualify, contact Chief LaFollette or Assistant Chief Harrison. This is a free service provided to our residents for as long as they need it.

This program was started by donations to the fire department. We have purchased 6 Knox Boxes and Key Secure Systems. The Key Secure Systems secures the key to the vehicle and tracks who uses it. This gives us an accountability system on the use of the key. Supplies are limited.

Cincinnati Museum Center - Cincinnati, Ohio

Sometime in the 13th Century AD, Fort Ancient peoples constructed a large circular village on a high terrace in the lower reaches of the Little Miami River valley. Field investigations at the Hahn Site reveal that a ring or rings of houses surrounded an open communal plaza. These village dwellers grew maize and beans, hunted deer, elk, turkey, and other animals, gathered wild plants, and exploited a variety of river resources including fish and mussels. Archaeological excavations at the site have been aided by a robust remote sensing program that has delineated hundreds of probable pit features and burials. The combination of remote sensing and excavations reveal that through time, the site expanded across the 10-12 acre terrace, and was finally abandoned sometime during the 17th Century AD. Join us in examining seven years' worth of excavations at the site.

Caregiver Resource Connection at Morrow United Methodist Church

Caregiver Resource Connection: Who is a caregiver? You are a caregiver whether you devote as little as 5 minutes a week or as much as 24 hours a day to providing or supervising the care for a loved one who is disabled, frail, or elderly. It can be both physically and emotionally demanding! Meet others who share your experience to discuss topics like maintaining balance as a caregiver, solving caregiving problems, the guilt/stress of caregiving, and learning to care for yourself. There is a group at Morrow United Methodist that normally meets every month on the **2nd Monday of each month** from 4:00 - 5:30 pm in the Church Library. This group is free and open to the public and is here for you! We are also in need of facilitators for several new groups forming in the Greater Cincinnati Area. If you, as a current or former caregiver, feel called to this service, have questions about our groups, or about caregiving in general, please call the Caregiver CAREline at (513) 929-4483 for more information.

Shelton's Produce and Glory Farms at Deerfield Farmers Market & Lebanon Farm Market

Thank you for all who have braved the weather and the cold to come to the markets. When I first started this, my friend Lucretia showed up and said, "Girl, you are hardcore!" Well, so is she and all of you that come out to the winter markets. Last week was Deerfield's "open" winter market, and all-we-two-both-of-us-vendors who came out were so happy to see so many of you. Also, I neglected to say it, but the 10th visitor to the Lebanon market last week was Sheri, who now has a gift certificate for \$10 worth of Glory Farm products. We will be at the Deerfield Market (4188 Irwin Simpson Rd, Mason) location from 10 till 11 Saturday, as always, with your orders, csa's, herd shares, eggs, sprouts, yeast and sweet breads, short bread, cookies, jams and butters and jellies, and more. Come see us!

A reminder also that we will be at the Quilt Show March 6 and 7 and 8, along with Wild Holly Farm personal products and many other vendors, at the Lebanon Historical Society.

We have four hogs going to market soon, and these are \$4 per pound hanging weight, quarter, half, or whole hog. Also, we have the stewing chickens at \$2 per pound the rest of the winter.

Call to Arms for All Boosters

Little Miami School District is one of the fastest-growing areas in southwest Ohio. Our community is primarily rural, covering 98 square miles of mostly farmland. The economic upswing in recent years has brought new development into our area, and we now have our largest enrollment ever.

The education our school district provides continues to be rated excellent by the state of Ohio. We are proud of this accomplishment and feel this helps make our community attractive for potential homebuyers.

The LMABC currently supports over 850 athletes in grades 7-12. Our plan is simple: to bring our sporting teams up to the level of our education. It is with this spirit that we come to you seeking aid for our student-athletes.

One of the problems our athletes face is an inadequate training facility. Our current weight room is 900 square feet and can't house more than 15 kids at a time. The school board has given the Boosters the opportunity to

transform the former Industrial Arts room (3,600 square feet) into a training facility, but the Boosters must pay 100% of the costs. With several initiatives going forward, this state-of-the-art training facility is by far our largest, with an estimated cost of \$175,000. We are now beginning a fund drive to accomplish this goal.

There is opportunity in the corporate world for us to raise money. There are a few organizations who might match funds with us for the advancement of sports. The Cincinnati Bengals, for example, recently announced a matching grant for \$150,000 to Harrison High School for the installation of a new turf field. The Bengals have done this for numerous schools, but seemingly always for the installation of a turf field, and always in a matching-grant scenario. We have feelers out with them as well as many other corporations in the Cincinnati area. We are trying to reach out to any businesses that can help us advance our athletic facilities.

These opportunities are exciting and yet unsure. The bottom line is that we have to have a plan in place to assure that this training center comes to fruition. That is where we must begin: with you! We need our alumni base, parents of student-athletes, parents of non-student athletes, parents of past student-athletes, local businesses, and companies you work for or with. In other words, we need to pull from every aspect of our lives.

The average citizen, who does not have a student-athlete or care much for sports, may ask how athletics would affect his/her life. A National Center for Education Statistics study shows that children who participate in extracurricular activities will have a higher GPA, have a higher percentage of post-secondary education, have a healthier lifestyle (by percentage of non-smokers and non-binge drinkers), earn a higher average income, and tend to stay in (or return to) the school district they grew up in. This makes our school district more desirable to live in, and thus raises our property values and provides us with a greater customer base for our local businesses. We truly are all in this together.

It would be easy to say that if everyone in the school district would donate \$100 then we would probably exceed our goals. Honestly, the reach is not far from that. If our local businesses could partner with us in exchange for advertising, we would encourage everyone to give those businesses a better consideration.

If the loss of one outstanding young man this year taught us anything, it's that we are truly a community that cares. It is with that sense of closeness that I ask you kindly to support the initiative before us. Let us build something we all can be proud of.

The Green & Gold Committee is the point of contact for this fund drive. You may call 513.476.8610 or email us at lmgreenandgold@gmail.com. A member of our team will contact you.

Little Miami Youth Baseball News

Little Miami Youth Baseball and Knothole Looking for Umpires for the 2015 Season

Of all the things that Little Miami Youth Baseball and Knothole provide, one of the best is the opportunity for the youth (12 and older) and families to be involved with baseball at a whole new level ... umpiring! Umpiring isn't an easy job, after all, everyone in the stands has their own view of the play, everyone sees something just a little differently and of course, EVERYONE knows the rules better than the officials. With that said, however, umpiring is one of the best ways to learn the game better and it really is a lot of fun ... and you will ACTUALLY learn the rules of the game. For our youth, it is often their first job and as such, it should be taken with that level of responsibility. For adults, it's often a chance to stay involved with a sport that you love and to participate in a whole new way.

It really is a job and as such, we pay those who provide those services. Umpires make anywhere from \$20 - \$50 per game depending on the ages that they umpire and duties they are performing. Additionally, as with most jobs, it requires dedication and effort.

So what's required? Well it really isn't that difficult to get involved. First step is to go online to <http://www.LMYBaseball.com> and click on "Register Now" near the upper right hand corner of the screen. From there select the umpiring program that is right for you (Adult or Youth) and register. There is a \$10 fee that helps offset the costs for training materials and an umpire shirt. Training will start on the 28th of February and run for approximately 6 weeks. We are still nailing down the location, but we will email all who are registered to make sure that you know where it will be.

Darryl Cordrey is coordinating our Umpire Program this year and can be reached by email at darryl.cordrey@LMYBaseball.com.

Also, even if you were an umpire last year, please register for this season. We will be scheduling umpires using our online system, so having your data in our system will be a great help.

Let us know if you have any questions, but the one that I will take a minute to answer right now is the one that we get the most, "Can Women and Girls Umpire too?" Absolutely, everyone is welcome as long as you will be 12 years of age by May 1, 2015.

Little Miami Youth Baseball Announces 2015 Baseball Signups

You've been missed! We wanted to make sure to let you know that baseball signups are in their final 2 weeks and we couldn't help but notice that you hadn't signed up! We know there is a lot going on, but we also don't want you to miss out on what promises to be a very exciting year for Little Miami Youth Baseball. We will be opening the 4 brand new fields that we just built at Testerman Park. We are planning a huge "Grand Opening Celebration" for the kids which should be a great time. We will be headed to a Reds game on June 9th which is always fun. We plan to build upon the success that we had last year and are exploring another land lease that

will allow us to build another 4 fields! We're growing, but we can't grow without you! You can register online between at <http://lmybaseball.com/Registration/Default.asp?n=96215&org=lmybaseball.com>. You'll see our "yard signs" around the schools for the next 2 weeks as a reminder, but don't delay signup today and secure your spot on the team! For more information, please contact Ken Floss, Little Miami Youth Baseball President, at ken.floss@LMYBaseball.com.

Trailside Historical Marker Approved

By Janet Slater

Hamilton Township's first historical marker, explaining the contribution of the Butterworth family to the Little Miami Railroad, the Underground Railroad, and Maineville Academy, will be placed along our trail at Butterworth Station, 2.6 miles north of Loveland. It will mark the location of the stone depot, no longer standing but pictured above.

The boy in the old photo is Thomas Foster, a Butterworth descendent. Although Thomas is deceased, his wife Avery lives in Mason and supplied the photo. The depot is round because it doubled as a water tower for the railroad, using water from nearby springs, as well as a place to await the train.

The engraved sign with a picture and the state-required dedication ceremony require about \$3,000 in funding, and the local group who worked for the historical marker needs your help. The caretaker of Butterworth Farm, located just east of the approved marker, is offering a special tour of the stone house where slaves were hidden in the 1830s and 40s to all who contribute \$100 or more toward the project.

To contribute, please send a check made out to the Warren County Foundation, designated for Butterworth Station, to: Warren County Foundation, 118 Main St., Lebanon, OH 45036. A public dedication ceremony for the marker is planned for **June 6, 2015**.

[Disability.gov Seeks Participants for Its Third “No Boundaries” Photo Project](#)

An intern, an energetic five-year-old and a current receptionist at the White House. These individuals, among others, have all been recognized as part of Disability.gov’s “No Boundaries” Photo Project series. Introduced four years ago, the series has profiled 12 individuals with disabilities, capturing the diverse skills, talents and life stories of each. Since then, their photographs (yes, actual people with disabilities, not actors or stock photography) have appeared in several Disability.gov marketing materials, including fact sheets, posters and public service announcements, to name just a few. But more importantly, their stories continue to demonstrate what people with disabilities can accomplish when given the opportunity.

This spring, Disability.gov will launch its third “No Boundaries” Photo Project series by profiling four individuals with disabilities who showcase employment success. Volunteers will be chosen to represent diversity in age, ethnicity and nature of disability. Their photographs and profiles will also depict different inclusive workplace settings – for example, someone with a mobility challenge who uses assistive technology on the job or a young adult beginning his or her career.

The photo shoot will occur during the week of April 13, 2015 in the Washington, D.C. metropolitan area. Please note that Disability.gov cannot provide monetary compensation or reimbursement for any travel expenses. Once participants have been selected, the Disability.gov team will confirm a date and time for the session.

If you are interested, please email your full name, phone number, location and a few sentences about why you would like to participate in the “No Boundaries” Photo Project to disability@dol.gov by **March 27, 2015**. Please include “No Boundaries” in the subject line of your email. [Read More](#).
