Warren County Prosecutor: "Help keep man convicted of 1989 beating, rape in prison."

Glendon Robinson's parole hearing could be next month

By Karin Johnson, WLWT

Morrow, Ohio, has changed quite a bit over the last 25 years. Many newcomers to the area may not know the name Glendon Robinson.

But the story is a brutal one.

On a summer evening in 1989, a 15-year-old was hanging out with friends. Two of them went into the woods to smoke, leaving the teen alone with Robinson.

[Watch this story](#)

"While they were gone, Mr. Robinson brutally beat and raped the 15-year-old girl and literally left her for dead," Warren County Prosecutor David Fornshell said. "He literally beat this woman to the point where he thought she was dead. He admitted to the other individuals that were there that he had raped her and he believed she was dead."

The girl was still alive, but unconscious. When she regained consciousness, Robinson was gone.

The teen managed to crawl to a nearby house for help. She could barely talk.

The only thing she could say was her attacker's name.

Now, 25 years later, Robinson's parole hearing could be as soon as next month.

Fornshell doesn't want to see Robinson return to Warren County and doesn't want Robinson released after 25 years when his maximum sentence was 40 years.

"People, generally speaking, when they get out of prison, they go back to what they're used to," Fornshell said. Although it's not a case that many people have on their radar, Fornshell wants to bring it to the community's attention.

"I think the problem that you have in some of these cases is that they have served a lengthy sentence to the point where maybe the people who were around at the time do forget exactly how brutal of a case it was," Fornshell said. "It should upset people that there's a possibility that he would ever get out early for what he did."

Robinson continued to commit crimes while in prison.

In 2006, he was convicted of another felonious assault, as well as having a deadly weapon while under detention.

Fornshell is asking people write to the parole board.

Little Miami Food Service 2014 Report

Greetings from the Little Miami Food Pantry! Spring is coming - and the sooner the better. Also, time once more to thank the community for all their help. It speaks well that this community supports those in need. 2014 was a very busy year for the Pantry. We served 13,299 people! So far, we're managing to provide for part of that need. There are challenges ahead: the rising cost of food, fewer sources of funding from the federal government, etc. However, we are confident that we will provide food for the hungry. Thank you!

If we had more volunteers we could continue providing you with the same level of service as we have been giving you.

KNOX-BOX® Rapid Entry System

The KNOX-BOX® Rapid Entry System was specifically developed for the fire department. With one master key, you can gain access to commercial and residential property. More than 7,000 departments nationwide use Knox key boxes, vaults, Haz-Mat cabinets, key switches, locking FDC caps, padlocks and the Knox-Scan heat sensor.

Many of these departments use Sentralok(tm), the master key security system, to control the Knox Master Key®. Property owners in your community store entrance keys, access cards and floor plans in high-security Knox-Boxes mounted near their building entrances.

Commercial Properties

Each KNOX-BOX® purchased by the property owner is keyed to a single master key controlled by your department. With the Knox System, there is no cost to the fire department, no waiting for a property owner to unlock the door in the middle of the night, and no forcing the door open to gain entry. The Knox Rapid Entry System reduces response time, property damage and the liability for lost keys. The Salem-Morrow Fire Department is currently using the Knox System on several properties in the area.

Residential KNOX-BOX® Program

The Salem / Morrow Fire Department has started a Residential Knox Box Program to help us help you. What is Knox Box? It's a heavy duty box that we hang on your door that has your home key in it. We have a Master key that we use to open the box in an emergency situation so we can make access to your home and let us help you.

The reason we started the program is to help us make entry to our citizens without causing damage to their property. We receive calls to residents homes and when we get there we are unable to make access do to the house is locked up tight. We end up breaking into the house to help with their emergency and then they have an extra expense fixing what we had to break. Residents stop by and offer us keys so we do not have to break in. That would be a lot of keys for us to have and maintain. This would cause more of a hindrance then help. This program is for residents that have chronic medical problems, elderly folks that live alone, persons with disabilities that would make it hard for them to let us in, and that live in our protection area. If you are not sure if you qualify, contact Chief LaFollette or Assistant Chief Harrison. This is a free service provided to our residents for as long as they need it.

This program was started by donations to the fire department. We have purchased 6 Knox Boxes and Key Secure Systems. The Key Secure Systems secures the key to the vehicle and tracks who uses it. This gives us an accountability system on the use of the key. Supplies are limited.

Help the Salem-Morrow Fire Department Protect Your Dreams

The quicker the Salem-Morrow Fire Department's firefighters or EMT's can locate you, the quicker we can begin helping you and your family. In an effort to locate your home or business in an emergency, the Salem-Morrow Fire Department is providing a 6" x 18" reflective sign that will clearly display your street address. These signs are invaluable to firefighters, EMT's, and police officers, who may be looking for your home in your time of need. Similar signs have been installed in other communities with startling results. The Salem-Morrow Fire Department is selling these signs at the low cost of \$12.00 each. If you wish to have the SMFD mount your sign for you, they will do so for \$14.00. Each sign has your street address prominently displayed on both sides in highly reflective 3" numbers against a green background similar to those on an interstate sign. The signs are installed in such a way that assures their visibility, even in high grass and snowy weather conditions. If you would like to purchase one of these signs, simply stop by the Salem-Morrow Fire Department, 5270 East U. S. Route 22 & State Route 3, Morrow, Ohio 45152, to complete an order form. In approximately 7 days, your sign will be ready for pickup or installation. Generally, the signs can be made, while you wait, in less than 10 minutes. Isn't \$12.00 worth the peace of mind of knowing that help can find you in your time of need?

Studies have proven that children who are exposed to arts and culture perform dramatically better in school and in life in general.

The Warren County Historical Society celebrates the value of arts and culture education all through the month of April with three programs and one offer.

- Free children's admission to the Warren County History Center all Saturdays in April from 1:00pm to 5:00pm. One child admission free with purchase of any adult or senior admission. This is a museum where children are encouraged to touch and explore.

Caregiver Resource Connection: Who is a caregiver? You are a caregiver whether you devote as little as 5 minutes a week or as much as 24 hours a day to providing or supervising the care for a loved one who is disabled, frail, or elderly. It can be both physically and emotionally demanding! Meet others who share your experience to discuss topics like maintaining balance as a caregiver, solving caregiving problems, the guilt/stress of caregiving, and learning to care for yourself. Shelton's Produce and Glory Farms at Deerfield Farmers Market & Lebanon Farm Market

Eggs for breakfast yesterday, eggs for a bedtime snack, yes, we have LOTS of eggs, but I couldn't do them again this morning (However, an oatmeal cranberry walnut cookie makes an excellent breakfast cookie).

We will be at the Lebanon farm market location as always, Glory Farms and Ohio Organic Cheese, along with Wild Holly Farm products, Thursday from 3 till about 5:30—we will stay a little later as the weather warms and more and more of you are visiting with us.

And at the Deerfield Market (4188 Irwin Simpson Rd, Mason) location from 10 till 11 Saturday, as always, with your orders, csa's, herd shares, eggs, sprouts, yeast and sweet breads, short bread, cookies, jams and butters and jellies, and more. Come see us! THIS Saturday is actually the full winter market so that there will be some other vendors there.

Also, I'm canning up the last of the beef bone broth, if anyone wants it in CSA's. This goes on the shelf in your pantry till you open it, and must be boiled at least 15 minutes, 15 minutes AFTER it comes to a boil. This is unfiltered, it has beef pieces in it and also the fat, which is actually suet, and can be used in cooking, left in your broth for a rich pot of noodles, or given to your local grateful bird neighbors. Or if you are like me, and have the lean home grown beef hamburger, you might want to mix the suet into your meat loaf in order to make a more tender product than the pure lean (as ours is) does.

And a reminder that Kathy Shelton did a lot of preparation with her personal care products, this was a ministry to raise money for some kids who couldn't afford to go on a mission trip, but right before the show started, she was told to break down and not allowed to sell at the Quilt Show. She has a great inventory, and the mission is still there, and I will have a display of her products at both markets this week.

Viox Excavating 6-Month Reminder

It's time to divert your septic system. Doing this twice a year helps your septic or mound system lasts a lifetime. For more insights, see our free report [Prevent Septic System Nightmares! 6 Things You Need To Know](#) .

Diverting Your Septic System Instructions

1. You'll need a a "key" to do this. One was provided as a part of the septic system installation and may be stored inside one of the risers on your tank. If your key has been misplaced, a replacement can be purchased from your local hardware store.
2. Take the lid off the white PVC pipe that sticks up out of the ground. You will see a 1 and 2 at the 11:00 and 1:00 positions. (If they are obscured by mud, pour water in to rinse them.)
3. Use the key to turn the valve to the other number. It may be quite difficult to turn but will not break.
4. Return the lid and forget about it until you receive your next reminder in 6 months.

Additional Reminders

Six months from now, and every 6 months thereafter, you'll receive an email reminding you to divert your system. If you move or want to stop receiving the reminders, you can always unsubscribe at the bottom of each email.

Call to Arms for All Boosters

Little Miami School District is one of the fastest-growing areas in southwest Ohio. Our community is primarily rural, covering 98 square miles of mostly farmland. The economic upswing in recent years has brought new development into our area, and we now have our largest enrollment ever.

The education our school district provides continues to be rated excellent by the state of Ohio. We are proud of this accomplishment and feel this helps make our community attractive for potential homebuyers.

The LMABC currently supports over 850 athletes in grades 7-12. Our plan is simple: to bring our sporting teams up to the level of our education. It is with this spirit that we come to you seeking aid for our student-athletes.

One of the problems our athletes face is an inadequate training facility. Our current weight room is 900 square feet and can't house more than 15 kids at a time. The school board has given the Boosters the opportunity to transform the former Industrial Arts room (3,600 square feet) into a training facility, but the Boosters must pay 100% of the costs. With several initiatives going forward, this state-of-the-art training facility is by far our largest, with an estimated cost of \$175,000. We are now beginning a fund drive to accomplish this goal.

There is opportunity in the corporate world for us to raise money. There are a few organizations who might match funds with us for the advancement of sports. The Cincinnati Bengals, for example, recently announced a matching grant for \$150,000 to Harrison High School for the installation of a new turf field. The Bengals have done this for numerous schools, but seemingly always for the installation of a turf field, and always in a matching-grant scenario. We have feelers out with them as well as many other corporations in the Cincinnati area. We are trying to reach out to any businesses that can help us advance our athletic facilities.

These opportunities are exciting and yet unsure. The bottom line is that we have to have a plan in place to assure that this training center comes to fruition. That is where we must begin: with you! We need our alumni base, parents of student-athletes, parents of non-student athletes, parents of past student-athletes, local businesses, and companies you work for or with. In other words, we need to pull from every aspect of our

lives.

The average citizen, who does not have a student-athlete or care much for sports, may ask how athletics would affect his/her life. A National Center for Education Statistics study shows that children who participate in extracurricular activities will have a higher GPA, have a higher percentage of post-secondary education, have a healthier lifestyle (by percentage of non-smokers and non-binge drinkers), earn a higher average income, and tend to stay in (or return to) the school district they grew up in. This makes our school district more desirable to live in, and thus raises our property values and provides us with a greater customer base for our local businesses. We truly are all in this together.

It would be easy to say that if everyone in the school district would donate \$100 then we would probably exceed our goals. Honestly, the reach is not far from that. If our local businesses could partner with us in exchange for advertising, we would encourage everyone to give those businesses a better consideration.

If the loss of one outstanding young man this year taught us anything, it's that we are truly a community that cares. It is with that sense of closeness that I ask you kindly to support the initiative before us. Let us build something we all can be proud of.

The Green & Gold Committee is the point of contact for this fund drive. You may call 513.476.8610 or email us at lmgreenandgold@gmail.com. A member of our team will contact you.

Contributions should be sent to:
LMABC 3001 US 22/3 Morrow, Ohio 45152

Little Miami Youth Baseball News

Little Miami Youth Baseball and Knothole Looking for Umpires for the 2015 Season

Of all the things that Little Miami Youth Baseball and Knothole provide, one of the best is the opportunity for the youth (12 and older) and families to be involved with baseball at a whole new level ... umpiring! Umpiring isn't an easy job, after all, everyone in the stands has their own view of the play, everyone sees something just a little differently and of course, EVERYONE knows the rules better than the officials. With that said, however, umpiring is one of the best ways to learn the game better and it really is a lot of fun ... and you will ACTUALLY learn the rules of the game. For our youth, it is often their first job and as such, it should be taken

with that level of responsibility. For adults, it's often a chance to stay involved with a sport that you love and to participate in a whole new way.

It really is a job and as such, we pay those who provide those services. Umpires make anywhere from \$20 - \$50 per game depending on the ages that they umpire and duties they are performing. Additionally, as with most jobs, it requires dedication and effort.

So what's required? Well it really isn't that difficult to get involved. First step is to go online to <http://www.LMYBaseball.com> and click on "Register Now" near the upper right hand corner of the screen. From there select the umpiring program that is right for you (Adult or Youth) and register. There is a \$10 fee that helps offset the costs for training materials and an umpire shirt. Training will start on the 28th of February and run for approximately 6 weeks. We are still nailing down the location, but we will email all who are registered to make sure that you know where it will be.

Darryl Cordrey is coordinating our Umpire Program this year and can be reached by email at darryl.cordrey@LMYBaseball.com.

Also, even if you were an umpire last year, please register for this season. We will be scheduling umpires using our online system, so having your data in our system will be a great help.

Let us know if you have any questions, but the one that I will take a minute to answer right now is the one that we get the most, "Can Women and Girls Umpire too?" Absolutely, everyone is welcome as long as you will be 12 years of age by May 1, 2015.

Little Miami Trail Closure Alert

A section of our trail near Peters Cartridge Factory (Grandin Rd.) will be closed weekdays beginning March 23. Please read below for more information. Beginning March 23, a section of the Little Miami Trail next to the Peters Cartridge Factory (mile marker 35.0 to 35.5) will be closed weekdays from 7:00 a.m. to 5:30 p.m. for environmental remediation work. The trail will be open evenings and weekends. No detour will be provided around the site, but signs will be posted several days before planned closures. The trail parking lot at Grandin Rd. will remain open until further notice, and the trail may be accessed heading northeast from the lot.

Trail closings are necessary for cleanup of contaminated soil at the former ammunition manufacturing facility near Kings Mills, an EPA Superfund site. DuPont Corporation, which purchased the Peters Cartridge property from Remington Arms, is legally responsible for the pollution and cleanup, and is working with Parsons engineering to remove contaminated soil, replace it with clean soil, and replant vegetation. Plans for restoring the natural habitat of the area were made closely with the Ohio Dept. of Natural Resources and the Wildlife Habitat Council.

Weekday closures will occur through at least the end of April, and remediation work will continue into the fall. As a service to trail users, the Friends of the Little Miami State Park (FLMSP) will post closure updates on our website, www.littlemiamistatepark.org and on our [Facebook page](#). More information about the environmental aspects of the cleanup is available [here](#) on the EPA website.

FLMSP is providing closure information to various organizations and local media, but please forward this email using the link below to others who use the trail.

Trailside Historical Marker Approved

By Janet Slater

Hamilton Township's first historical marker, explaining the contribution of the Butterworth family to the Little Miami Railroad, the Underground Railroad, and Maineville Academy, will be placed along our trail at Butterworth Station, 2.6 miles north of Loveland. It will mark the location of the stone depot, no longer standing but pictured above.

The boy in the old photo is Thomas Foster, a Butterworth descendent. Although Thomas is deceased, his wife Avery lives in Mason and supplied the photo. The depot is round because it doubled as a water tower for the railroad, using water from nearby springs, as well as a place to await the train.

The engraved sign with a picture and the state-required dedication ceremony require about \$3,000 in funding, and the local group who worked for the historical marker needs your help. The caretaker of Butterworth Farm, located just east of the approved marker, is offering a special tour of the stone house where slaves were hidden in the 1830s and 40s to all who contribute \$100 or more toward the project.

To contribute, please send a check made out to the Warren County Foundation, designated for Butterworth Station, to: Warren County Foundation, 118 Main St., Lebanon, OH 45036. A public dedication ceremony for the marker is planned for **June 6, 2015**.

Incumbent Training for Advanced Manufacturing Now Available

In response to workforce needs being expressed by the private sector, our office created WIIN; a program that bundles like-minded training needs within Warren County businesses. Once bundled, WIIN interfaces with area educational partners to secure the best curriculum and rate to meet training needs.

WIIN's first training offering involves businesses in the manufacturing space, and classes are currently underway. Enrollment is on-going and once the appropriate number of employees are gathered, training modules can begin.

Flexible Training

The training program will cover 16 needed skills that have been expressed by the private sector. These skills cover a broad range of electric and mechanical needs from programming to blueprint reading.

To allow maximum flexibility, each skill is taught in a separate module, and can be taken individually or in combination with other training. For specific details of each module, and to participate, please [e-mail](#) Matt Schnipke.

Partnering Organizations

This effort would not be possible without collaboration from multiple sources including the Warren County Small Business Development Alliance, the Warren County Chamber Alliance, and the Warren County Port Authority. With the help of these participating organizations, WIIN hopes to deliver a quality training opportunity at a reduced cost to employers.

Senate Forms Tax Reform Working Groups

Here is a recent article from *accountingtoday*...

Leaders of the Senate Finance Committee have formed five bipartisan working groups with the goal of analyzing the tax code and developing policy recommendations for comprehensive tax reform.

Senate Finance Committee Chairman Orrin Hatch, R-Utah, and ranking Democratic member Ron Wyden, D-Ore., announced the launch of the five working groups Thursday. The groups are supposed to analyze the current tax laws and examine the various policy trade-offs and reform options within each topic area.

Each group will be co-chaired by one Republican and one Democratic member.

The policy focus areas for the working groups include: 1) individual income tax; 2) business income tax; 3) savings and investment; 4) international tax; and 5) community development and infrastructure.

“Republicans and Democrats agree the American tax system is too complicated, unfair, and is hurting economic growth,” Hatch said in a statement. “With the launch of these working groups, members will have an opportunity to thoroughly examine the code and put forward smart ideas that will help lay the groundwork for a bipartisan tax overhaul that will provide bigger paychecks, better jobs, and more opportunity for all Americans. I look forward to working with my colleagues on both sides of the aisle as we take on this challenge during the 114th Congress.”

We'll keep you posted.

Cover Yourself against Floods

Floods are our country's #1 natural disaster. They occur in all 50 states, at all times of year, and plenty of damage occurs outside of high-risk areas. If your home is flooded, your homeowners insurance policy probably won't pay for repairs. Most policies don't cover floods. St. Patrick's Day: An Opportunity to Learn about Irish Heritage

St. Patrick's Day may have started as a day to commemorate the death of Ireland's patron saint, Patrick, who died on March 17, around 492, but St. Patrick's Day evolved into a day of wearing green, eating Irish food, and parades to celebrate Irish heritage.

Your students probably hear a lot about St. Patrick's Day, take an opportunity to give them more context and background about the rich history, culture, and traditions of the Irish and Irish-Americans:
