General Notes

- (1) Driveways graded toward the roadway shall have a low point over the culvert, or ditch line, to direct the storm water into the roadside ditch.
- (2) Applicant to draw sketch of desired location with approximate distance from nearest road intersection.
- (3) Applicant shall place in the center of proposed drive, a survey stake, painted orange, with applicants last name printed on face of stake.
- (4) Concrete driveways shall have a finished grade at, or below, edge of pavement.
- (5) Corrugated metal pipe and headwalls shall not be permitted.
- (6) Applicant to complete installation as specified, and upon completion, contact the Village of Morrow Zoning Inspector for final inspection and release. Occupancy Permits shall not be issued without this final release.

Please sketch a map locating the site below. Please include the nearest street intersection or adjacent address.
